

DC420 | DC410

Clear and Close-up, Straight to DVD

- Genuine Canon 48x (DC420)/41x (DC410) Advanced Zoom gets you closer and wider, while preserving image quality
- 1.07 Megapixel CCD Image Sensor for sharp video and photos (DC420)
- Canon DIGIC DV II Image Processor for stunning video color and clarity
- Quick Start to conserve battery power and be ready to record again in less than a second
- MIC Terminal provides added audio flexibility (DC410)

Genuine Canon Video Lens

These camcorders record straight to DVD for immediate playback right in your own home theater. Images are recorded in crisp and vivid widescreen format thanks to Genuine Canon 48x (DC420) or 41x (DC410) Advanced Zoom and high resolution widescreen mode. A high capacity battery and low power consumption deliver long recording times, while features like Quick Start and Easy Mode add up to true convenience.
