WEBCAM FEATURES

High Definition USB 2.0 Hue Webcam with Microphone

The Hue webcam for Windows and Mac OS X has a brilliant high resolution picture and great sound through an internal USB microphone. It is simple to install and compatible with Skype, MSN Messenger, Yahoo Messenger, AIM and iChat (Mac OS X v10.4.9 required for iChat support).

The webcam's innovative and versatile design offers limitless positioning options. Users can leave the Hue in its base or connect the flexible neck directly to a laptop's USB port for optimal mobility.

Produce live videos and email them to family and friends or chat in real time around the globe completely FREE. With its superb video quality and sound, Hue can do it all.

HD Webcam 2.0 USB
Named One of TIME Magazine's
